GIANT DARWIN & BREEDER TULIPS

The Most Popular of All Tulips

The flowers of this superb class may well be called "the Tulip Aristocrats." The remarkably brilliant coloring and splendid substance of their large globular or cup-shaped flowers, their long stems and robust growth of plant, make them unsurpassed for May blooming in the garden. They are ideal for cutting and for borders, beds or planted in small groups among shrubs. They far surpass in colors and brilliancy anything before known in Tulips. Average height about 30 inches.

Grown from Holland Stock. Highest Quality.

Each 7c; dozen, 65c; 100, \$5.00, unless otherwise stated.

Afterglow—Soft apricot-orange tinted pink, large flower of unusual coloring. Each 9c; doz. 85c; 100, \$6.00.

Allard Pierson—Rich crimson maroon, fine long flower, good stems.

Bacchus—Deep plum-purple, large, perfect, long lasting blooms. Each 9c; doz. 85c; 100, \$6.

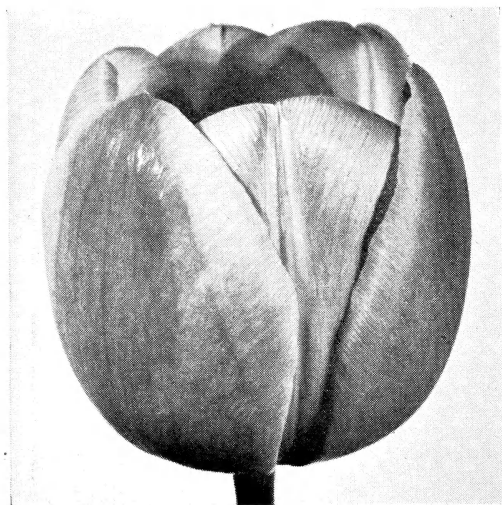

Baronne de la Tonnaye—Bright rose; faultless flower.

Bartigon—Rich crimson scarlet which becomes brighter at the margin. White base with rich blue halo.

Bronze Queen (sensation)—Soft bronze, inside golden bronze, yellow base. Large flowers of perfect form.

Centenaire—Beautiful rose pink.

City of Haarlem (28 in.)—Immense vermilion scarlet, large blue black base, edged white. Each 9c; doz. 85c; 100, \$6.00.

CLARA BUTT

Clara Butt—Beautiful salmon pink; very popular cut flower and a good bedding variety.

Dream—Bright lavender shaded lilac. Inside deep violet, bright blue base.

Duke of Wellington—New pure white, immense long petals. Each 15c; doz. \$1.50.

Euterpe—Light mauve, edge pale lilac.

Farncombe Sanders—Rich scarlet; very popular cut flower. White base marked blue.

Faust—Immense, purple maroon nearly black; highly recommended.

Indian Chief—A flower of enormous size, carried on a very tall, stiff stem. Its beautiful color is of an Indian brown flushed coppery brown. Magnificent variety. Height 34 inches. Each 15c; doz. \$1.50.

Jaune d'Oeuf—Orange yellow, flushed pale lilac. Each 9c; doz. 90c; 100, \$6.50.

Lenotre—Rose shading to edge of blush.

Louis XIV—Rich violet-purple shaded steel blue. Edged golden brown with green-black base starred yellow. Very large. Each 9c; doz. 85c; 100, \$6.00.

La Tulipe Noire (28 in.)—"The black Tulip", very dark maroon with velvety sheen, large flower. Each 9c; doz. 85c; 100, \$6.00.

Mrs. Potter Palmer—Bright purplish-violet.

Prince of Orange (26 in.)—Dark orange shading to yellow; a beautiful and lasting variety. Each 8c; doz. 75c; 100, \$5.50.

Pride of Haarlem—Magnificently formed flower of immense size. Brilliant deep rose, shaded scarlet with light blue base.

Princess Elizabeth—One of the loveliest pink tulips lasting longer than average. It is clear deep pink changing to a rose pink, white base.

Rev. H. Ewbank—An exquisite shade of soft lavender violet, slightly shaded silver gray. A variety of great merit.

Superba—Chestnut brown with edge of gold. Fragrant.

Velvet King—Dark purple, white base. Each 10c; doz. 95c.

William Copeland (Sweet Lavender)—Rose lilac, early. Forcing tulip.

Wm. Pitt—Bright, glowing scarlet handsome, large flowers on tall stems.

Yellow Darwin—Perfect form, rich canary yellow.

Yellow Giant—Pure golden yellow. Long-sought yellow and one of the most beautiful Tulips in cultivation. Each 9c; doz. 85c; 100, \$6.00.

Yellow Perfection—Bronze yellow shaded golden.

White Swan—Pure white, oval shaped flower. Each 9c; doz. 85c; 100, \$6.00.

SPECIAL MIXTURE OF DARWINS

All shades and colors in one grand mixture.

No. 1 Top Size Bulbs—Doz. 35c; 3 doz. \$1.00; 100 for \$2.50.

No. 2 Size—Doz. 29c; 3 doz. 75c; 100 for \$1.95.

May Flowering Tulips

This beautiful class has become very popular. They are quite distinct. Extremely hardy, flower freely, excellent for bedding, borders or among hardy flowers or shrubs. Excellent for cutting; flowers last a long time. Average height about 26 inches.

Your choice, each 8c, doz. 75c, \$5.50 per 100, unless otherwise stated.

Avis Kennicott—Large yellow flower with black base. Long stem; lemon scented.

Beauty of Bath—A large oval flower with delicate pastel pencilings and flushes of gold and amber, orchid and pink on creamy base.

Dido—Deep rich pink, salmon edges, suffused and slightly edged orange; very fragrant.

Ellen Willmot—Creamy yellow, long petals, good stem and extra good keeper. Very late.

Gesneriana Lutea—Long pointed flower and stem that may always be cut full length, since all leaf growth clusters close at its base.

Gesneriana Major (Red Rocket)—Large flowers of luminous crimson scarlet with blue-black center. One of the finest of the May-Flowering group.

Inglescombe Yellow—Glossy canary yellow sometimes showing a scarlet edge as flowers age. Large globular flowers of Darwin form. Has been called Yellow Darwin.

La Merveille—This tulip has points of excellence that place it in a class by itself. In some lights it is flaming scarlet; in others soft rosy red. When widely open the yellow center gives it a likeness to a poinsettia; but again it resumes its bud form. Has strong but graceful stem and naturalizes well. Very fragrant.

Mrs. Kerrell—This has pointed, curving petals and flexible wiry stem; color golden pink; an ideal tulip to show.

Mrs. Moon—Lily flowered, rich golden yellow. Large vase-shaped flowers with narrow, pointed, reflexing petals. Fragrant.

Orange King—Glowing orange, shaded scarlet, fragrant.

Picotee—White margined carmine-rose. The color suffusing the whole flower as it ages. Good size flowers with pointed, reflexing petals.

Serene—Beautiful rich cerise pink, reflexed.

Special

Darwin and Mayflowering Tulips

A special offer of the popular varieties of Darwins, which include an excellent selection for large plantings of blooming size. **Each 5c; doz. 40c; 100 \$3.00.**

Allard Pierson	La Merveille
Avis Kennicott	Louis XIV
Bartigon	Mrs. Kerrell
Bronze Queen	Mrs. Moon
Clara Butt	Mrs. Potter Palmer
Dream	Norman Beauty
Gesneriana lutea	Orange King
Gretchen	William Copeland

Early Single Tulips

The earliest tulips to bloom. Medium height and make a fine display. Easy to force in pots for early flowers.

Each, 9c; dozen, 85c; 100, \$6.50.

Diana—Pure white. Flowers large and attractive. Fine for forcing as well as for the garden.

Duchess d'Parma—Orange scarlet, with blended border of deep yellow. Good stem, large flower.

Keizerskroon—Bright red with wide yellow border. Early.

General DeWet—Golden yellow splashed and feathered with deep orange. Fragrant.

Prince of Austria—Large brilliant orange-scarlet flower borne on tall stems.

Rising Sun—A superb yellow tulip. Extra large, perfect form; a good keeper.

Thomas Moore—Terra cotta irregularly blended with rose and yellow. Earliest tulip having long stem. Extra good forcer.

Early Double Tulips

They also bloom in April. The full peony-like flowers make a gorgeous effect. Many have beautifully blended colors and are suited for mass planting. Only the choicest varieties are listed here.

Each, 9c; dozen, 85c.

Electra—Claret red, shaded carmine; very double.

Mr. Van Der Hoeff—Pure yellow, large, good bedder.

Orange Nassau—Crimson flushed flame, with margin of orange.

Peach Blossom—Deep rose pink, flushed on white. Large full flower, strong stem, good bedder.

FANTASY

Parrot (Dragon) Tulips

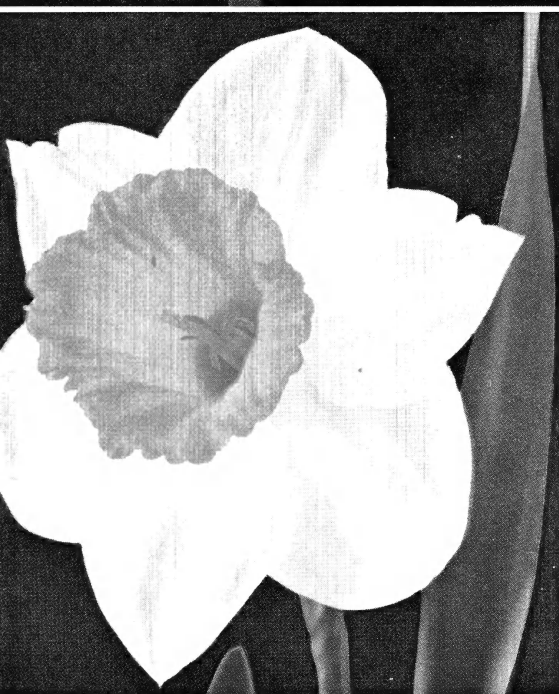

Parrot Tulips are most unusual, with their artistic and quaint form. The petals of the flowers are laciniate and attractively fringed. Average height about 28 inches.

Fantasy—Beautiful, salmon-rose with green markings, fantastically shaped petals, large flower on strong, tall stem. Recently sold at \$1.00 each. **Each 10c; doz. \$1.00.**

Sundew—Bright red with white base, petals beautifully fringed. Very attractive, unlike any other Tulip in existence. **Each 8c; doz. 75c.**

Perfecta—Light scarlet, striped green and yellow. **Each 10c; doz. \$1.00.**

TRESSERVE

MRS. E. H. KRELAGE

SPRING GLORY

CROESUS

DAFFODILS

The *Narcissus* affords perhaps more pleasure and satisfaction than any other flowering bulb. They may be grown either in pots or outdoors. They are very beautiful, very hardy, bloom freely, are delicately fragrant, thrive in almost any soil, and last for years without re-setting. They may be grown in garden beds, among hardy plants in herbaceous borders, or "naturalized." The flowers of the different types are beautiful and of graceful form, with a variety of color combinations, and many are delightfully fragrant.

NOTE—In describing these flowers we refer to the "trumpet," "crown" or "cup" as the center of the flower; the "perianth" is the surrounding row of petals or wings.

Large Trumpet Varieties

Emperor—Large flowers with a full golden yellow trumpet and rich primrose perianth; excellent for forcing. **Each 8c, doz. 75c.**

Golden Spur—Flowers very large and of a fine golden-yellow; early and unsurpassed for pots or garden culture. The florist's most popular sort. **Each 8c, doz. 75c.**

Spring Glory (Imp. Sassenheim)—Large flowers, yellow trumpet, creamy white perianth. **Each 9c, doz. 85c.**

King Alfred—A handsome, very large, bold flower, solid golden yellow. The trumpet is of fine form and beautifully frilled. Very popular. **Each 10c, doz. \$1.00.**

Mrs. E. H. Krelage (White King Alfred)—A sensational creation like King Alfred only being nearly pure white. The pristine purity of this regal flower is unforgettable. Easy to force, long stemmed. Has no rival at the shows. **2 for 25c; doz. \$1.50.**

Tresserve — Giant flowers. Trumpet deep yellow, pale yellow perianth. Extra. **Each 10c, doz. \$1.00.**

Van Waveren's Giant—The largest of all *Narcissi*; grand for forcing or bedding; vigorous grower. The giant flowers have a large yellow trumpet with sulphur yellow perianth, vanilla scented; highly recommended. Be sure and plant at least a few. **Each 15c, doz. \$1.50.**

Poeticus Narcissus

The large, single blossoms are of a snowy whiteness, intensified by the exquisite golden-colored cups, ringed like a pheasant's eye, with

GOLDEN SPUR (Yellow Trumpet)

red and green. The flowers are gracefully poised on long, stout stems.

Poeticus (Pheasant's Eye) — Pure white, orange cup, edge red. **Each 8c, doz. 75c.**

Cassandra—Wide spreading clear white perianth, dark red rimmed crown. **Each 8c, doz. 75c.**

Poetaz Narcissus

Cluster flowered in white, light or deep yellow. Some varieties have orange or red rimmed small crowns.

Cheerfulness (Double)—White with creamy yellow center. **Each 10c; doz. \$1.00.**

Laurens Koster—Creamy white perianth, lemon-yellow cup, free-flowering. (Better than Elvira.) **Each 8c, doz. 85c.**

Orange Cup—Yellow perianth, cup orange-red, nicely frilled. **3 for 25c; doz. 95c.**

Incomparabilis Narcissi

Incomparabilis, cup or crown measuring from one-third to nearly the length of the perianth segments.

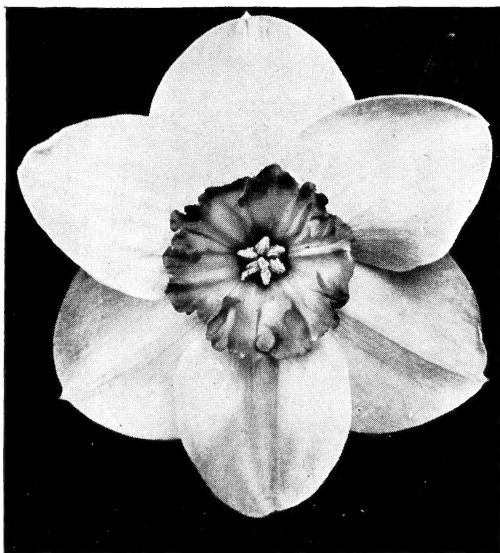

Bernardino. Perianth cream-colored, the frilled and fluted cup stained deep apricot-orange at its edge. **10c each; \$1.00 dozen.**

Croesus. Universally popular both for the garden and for exhibition; light canary-yellow perianth of perfect form, with outer petals nearly touching, the inner ones overlapping, opening flat; broad fluted cup of rich orange to base. **3 for 25c; doz. \$1.00.**

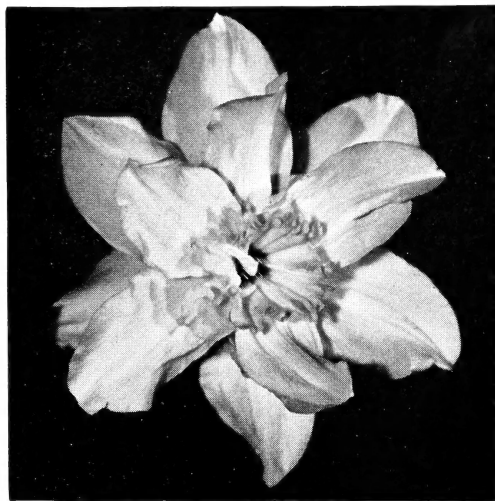

Red Cross — Very large, flat, overlapping, primrose yellow perianth, orange yellow cup, deep orange at densely frilled brim; free flowering on strong, tall stems. **Each 20c; 3 for 50c.**

Sir Watkin. Sulphur petals, deep yellow cup, handsome large flowers. **Each 8c; doz. 75c.**

Will Scarlet — Creamy white petals with large, fiery red cup. **Each 8c; doz. 85c.**

RED CROSS (*Incomparabilis*)

TWINK (Double)

Double Flowering

Albus Plenus Odoratus (Double Poeticus)—Double, pure white, fine stem, fragrant, late. Each 8c, doz. 75c.

Von Sion (Telamonius) — Popular, double trumpet, golden yellow. Each 8c, doz. 75c.

The Pearl — Soft yellow, elegant shape, strong stem. Each 8c, doz. 85c.

Twink — Double, petals alternating a soft primrose and orange. It is a very free flowering and hardy as well as a wonderful show flower. 3 for 40c; doz. \$1.50.

Barri Narcissi

Barri, cup or crown measuring less than one-third the length of the perianth segments.

Conspicuous—Large, broad, spreading perianth of soft yellow; short yellow cup, edged bright orange-scarlet. Splendid for the border or naturalizing. Height 21 in. Each 8c, doz. 75c.

Diana Kasner—A pure white perianth and a large fluted yellow cup with blood-red frill, very free-flowering and an excellent forcer. 3 for 25c; doz. \$1.00.

Bonfire—Beautiful, long ivory colored petals, glowing orange-scarlet cup. 3 for 25c; doz. 85c.

Mixed Narcissus and Daffodils

We offer a grand mixture of all kinds, including many novelties, at 5 for 25c; doz. 50c; 100, \$3.75.

Freesias

Beautiful clusters of fragrant white flowers, popular for pot culture, flowering in winter and spring. Readily forced. Plant 4 to 6 in a pot, giving plenty of water and cool location.

Purity—Giant white flowers, trusses of 8 to 10 buds. 3 for 10c; doz. 30c; 100 \$2.00.

Rainbow Mixture—Yellow, blue, violet, pink, lavender, etc. Each 5c; doz. 45c; 100 \$3.00.

BULBS for ROCK GARDENS

Rock Garden Daffodils

These charming, graceful and sweet scented flowers bloom in clusters at top of the stems. Adapted to rockeries.

Campernelle Rugulosis—Single yellow Jonquil. 3 for 25c; doz. 85c.

Triandrus Thalia (Orchid Narcissus)—Three to four white flowers on one stem. Very exquisite. Each 20c; 3 for 50c.

W. P. Milner—Creamy white perianth and trumpet, small flower on short stem; a gem for rock gardens and forcing in pots. 2 for 25c; doz. \$1.50.

Bulbocodium Conspicuous—15c each.

Kaufmaniana Tulip—10c each.

Dutch Giant Crocus

From Holland Stock

One of spring's earliest flowers. Fine for edging flower beds and excellent for planting in rock gardens.

Your choice of blue, yellow, purple, and mixed. Doz. 35c; 100, \$2.50.

Grape Hyacinths (Muscari)

A splendid flower for the hardy borders, in clumps between shrubs and open bedding.

Heavenly Blue. 6 for 25c, doz. 40c.

MUSCARI

Scillas—Blue Bells

Sibirica—Charming little spikes of blue bells, extra early. 5 for 25c; doz. 50c.

Campanulata—Like the above but more robust. Flower spikes 15 inches tall. White, Blue or Pink, 5 for 25c; doz. 50c.

Sparaxis and Babiana

Charming flowers come in slim clusters. 5 for 25c; doz. 50c.

Tritonia Crocata (Flame Freesia)

New Hybrid Mixture—Beautiful shades of blue, pink, orange and red.

4 for 25c; doz. 60c; 100 \$4.00

BULBS EASILY GROWN INDOORS

A great deal of enjoyment may be derived from the growing of certain bulbs in the house or apartment. The varieties listed under this heading will be found particularly well adapted to this use.

Paper White Narcissus

Paper White Grandiflora (French Polyanthus)—Pure white, free-flowing, deliciously sweet-scented flowers, of easiest culture; suitable for forcing or for growing in water. Will come into bloom as early as December, if potted early. Set 4 to 6 bulbs in a shallow pot or dish. 4 for 25c, doz. 60c.

Yellow Paper White

Solel de Or — Resembles the Paper White Narcissus very much in habit, but is of an exquisite deep yellow color, with an orange yellow cup. Do not forget to order a few and get acquainted with this wonderful flower. Each 10c, 3 for 25c.

Chinese Sacred Lily

Flowers satiny-white with very fragrant golden yellow cups. Foliage dark green, beautiful. Grown in bowls or dishes of water with fancy pebbles to hold the bulbs. Start in moderately cool place until roots form, then bring to light and heat. Select bulbs, each 10c; 3 for 25c.

Leucocoryne Ixioides Odorata

(Glory of Sun, from Chile). Bulbs similar to Ixia. Flowers sweet scented and colorful, with a color range on outside of petals of a flax blue to white and gold in center of flower. Stems 18 in. and wiry. A most promising cut flower for both amateur and commercial grower as they will keep for two weeks or more. Each 10c; 3 for 25c; doz. 75c.

Ornithogalum Arabicum

(Star of Beth'lehem)

Flower spikes 18 to 24 inches high, bearing an immense cluster of large pearly white star-shaped flowers, having a jet-black center. They are beautiful, last well and are pleasingly fragrant and easy to grow. Plant one bulb in a four-inch pot, or several in a large pot. Try a few in pots or garden; you will be pleased and have a rare flower. 3 for 25c; doz. 75c.

Ornithogalum Aureum

(Golden Chinchereinee of South Africa)

The attractive golden yellow color and very long lasting quality of this bulb flower are probably its most outstanding merits. Cut flowers will keep for over a month, while in a pot they will bloom for a period of several months. Stem about 12 in. tall, strong and dark green. Culture easy. An outstanding pot plant. Each 15c; 3 for 40c.

Amaryllis

Beautiful trumpet-shaped flowers like a lily. Grow 1½ to 2 feet tall. Fine pot culture, open ground.

A. Johnsonie—Fine pink flowers. Each 40c.

Vittata Hybrids—Mixed colors. Each 50c.

Belladonna—Dark rose with white. Each 25c.

Calla Lilies

The callas are free flowering, showy garden plants (for shaded or partially shaded places), and are equally successful indoors.

Yellow Calla. Each 20c; 2 for 35c.

White Calla. Each 15c; 3 for 40c.

Baby White Calla. Each 15c; 3 for 40c.

Beautiful Hardy Lilies

Lilies are coming into their own. Their beauty and merit is winning increasing recognition as the climatic conditions in our Northwest are most ideal. Place bulbs on side in a 2-inch layer of sand and cover with 6 to 10 inches of soil. **November shipment.**

Prices per dozen—ten times each price.

Leucojum Venum

Leucojum Venum (Spring Snowflake)—Allied to the snow-drop, but of much stronger habit, growing in rich soil from 1 to 2 ft. high. Splendid for rock gardens. Each 6c; doz. 50c.

Dutch Iris

The Dutch Irises are larger and stronger than the old Spanish type which they closely resemble. They appear in many lovely shades and are easily grown in half shaded situations. The flowers are valuable for cutting. Plant in rows or clumps 3 inches deep and 3 to 5 inches apart.

Dozen, 40c; 100, \$3.00.

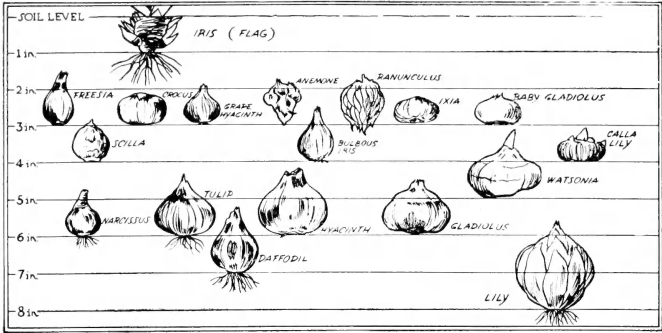

Imperator—Standards of imperial purple; falls a lovely light azure blue with a brilliant yellow spot.

Yellow Queen—Standards an even tone of pale yellow; falls slightly deeper in shade. The finest palest bulbous iris.

Wedgewood—Earliest of all; fine large blue flower. Excellent border.

D. Haering—Large, uniform pure white flowers; falls very broad. Very good form and substance. Medium height. Early.

Mixed—Dozen, 35c; 100, \$2.50.

FOR BEST RESULTS PLANT YOUR BULBS AS SHOWN ON OUR BULB PLANTING CHART.

LAWN GRASSES

Diamond Fancy Lawn Seed: This mixture is made up of four types of lawn seed—56% Kentucky Blue Grass, 24% Chewings Fescue, 10% Poa Trivialis and 10% Red Top. An excellent blend for a thick, velvety turf that will stand hard wear. 1 lb. 65c; 10 lbs. \$6.00; 25 lbs. \$13.75. These prices are f.o.b.; add for postage or freight.

Diamond Fancy Lawn with Bent: If a Bent lawn is desired it is advisable to plant this mixture as it has enough Bent grass to eventually predominate the other grasses—30% Bent grass, 45% Kentucky Blue Grass, 15% Chewings Fescue and 10% Poa Trivialis. 1 lb., 85c; 5 lbs., \$4.00; 10 lbs., \$7.50; 25 lbs., \$17.50. These prices are f.o.b.; add for postage or freight.

Diamond Shady Lawn Mixture: This mixture is blended especially for semi-shady and shady locations. It is a little more coarse than the other two mixtures, however, has a nice green appearance. 1 lb., 75c; 5 lbs., \$3.50; 10 lbs., \$6.50; 25 lbs., \$15.00. These prices are f.o.b.; add for postage or freight.

Dutch Hyacinths

The gay colors, grace, fragrance and easy culture of our HYACINTHS make these heralds of spring promising subjects for indoor gardening. Plant any time after October 15th, in pots or pottery 5 inches in diameter, tops of bulbs level with soil or bulb fibre $\frac{1}{2}$ inch below rim of container; store in cool dark place for 10 weeks, water occasionally. When the sprouts are up 2 inches, take pots into subdued light in warm room for two weeks and blossoming follows automatically.

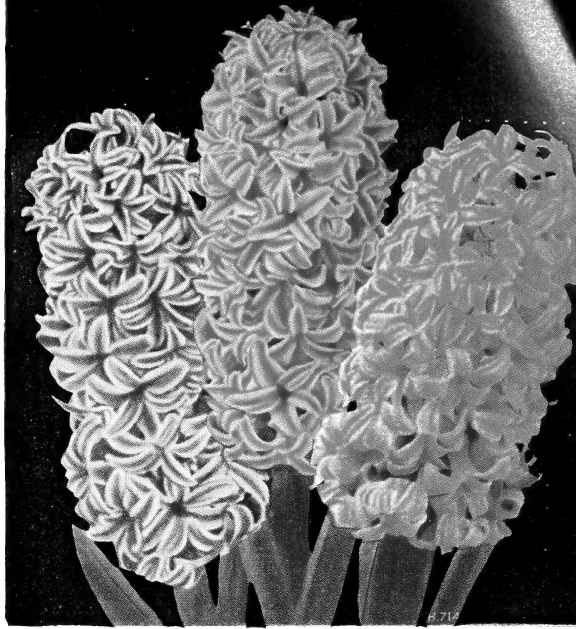

Hyacinths are hardy. Planted outdoors in September to December, each bulb will produce a fragrant stock of colorful blossoms in the spring. Left undisturbed in a good location it will bring its message of joy to your garden for several years.

Five colors mixed: white, pink, blue, red and yellow (limited quantity in separate colors). Large size, each 20c; doz. \$2.00. Bedding size, each 15c; 2 for 25c.

Ixia

Hardy free flowering bulbs producing long, slender, graceful sprays of beautiful flowers.

Choice Mixed—Each 6c; doz. 50c; 100 \$3.50.

Anemones

These popular flowers of French origin are useful as decorative plants for house or garden, and for cutting. If planted outdoors in the fall they must be well protected. They may also be planted in the spring in well-drained soil, and will flower during the summer.

Monarch-De-Caen—Single mixed. A popular variety with brilliant flowers.

St. Brigid—A rare and beautiful strain with double and semi-double flowers in the most brilliant shades. Select bulbs.

Separate Colors—Governor—Giant flowers, vivid vermilion with silver white base and dark center.

Blue Poppy—Very large, beautiful shades of blue.

Dozen, 50c; 100, \$3.50.

Ranunculus

Among dwarf growing flowers these are unrivaled for lovely form and bright, attractive colors, ranging through gorgeous shades of pink, crimson, white, yellow, orange and purple, many of them being beautifully marked with other shades. Plant the bulbs claw end down about 3 inches deep.

Tecolote Giants (Mixed) — By far the largest and most magnificent strain ever offered. Flowers double and semi-double. Select No. 1 bulbs, doz. 40c, 100 \$3.00.

Separate Colors — Tecolote Giant Gold, Tecolote Giant Red, Tecolote Giant Pink, and Orange. 7c each; doz. 60c; \$4.50 per 100.

ANEMONES

Tested and Proved Patented and Novelty Roses

Angels Mateu (H. T.) (P. Dot, 1934).—Plant Patent No. 174. This is one of the most appealingly lovely of all the Roses produced by the great Spanish Rose hybridizer, Pedro Dot. Orange-rose—almost the color of coral from the south seas. The blooms are large and have a delicious fragrance like ripe raspberries. **Each \$1.00; 3 for \$2.50.**

Christopher Stone (H. T.) (H. Robinson, 1935).—Large semi-double vivid scarlet flowers overlaid with velvety crimson. It is unsurpassed for intense damask fragrance. Of vigorous, upright growth with bright green foliage. **Each 75c; 3 for \$2.00.**

Crimson Glory (H. T.) (W. Kordes Sons, 1935).—Plant Patent No. 105. Deep crimson. Among all the other red Roses, Crimson Glory is easily recognized by its large buds of typical urn-shape which open into full, well-formed, delightfully fragrant blooms of a deep vivid crimson, shaded ox-blood-red, and finished with a velvety nap. **Each \$1.25; 3 for \$3.15.**

Mme. Henri Guillot (H. T.) (C. Mallerin).—Pat. 337. Large urn-shaped buds opening into a camellia-like flower of about 20 petals, water-melon to raspberry pink and on an average of 5 inches across. **Each \$1.50; 3 for \$3.75.**

Mrs. Sam McGredy—Climber, coppery-orange scarlet, flushed with red outside, flowers beautifully formed, firm lasting petals when cut, fragrant. **Each \$1.25; 3 for \$3.15.**

Picture (H. T.) (McGredy, 1932).—Well shaped buds and medium-sized fragrant, rose-pink flowers. Strong, vigorous plants almost constantly in flower. A true picture of loveliness. **Each 75c; 3 for \$2.00.**

R. M. S. Queen Mary (H. T.) (Verschuren, 1937).—Plant Patent No. 249. This Rose is beautiful beyond description—distinct from anything yet seen in Roses. Its color is a glorious combination of vivid shades blending rich glowing salmon with an exquisite pure pink and orange base. The buds are long and pointed, and the graceful flowers have an intriguing fragrance. **Each \$1.25; 3 for \$3.15.**

Ruth Alexander—Climber. (Rena Wilbur, 1936) Pat. No. 178. Canes vigorous, producing extra heavy, leathery dark green foliage. Flowers large, 4½ to 5 inches across, rich cadmium orange, the outer third of each petal glowing peach-red, fragrant. **Each \$1.25.**

Sequoia—(J. Verschuren-Pechtold, 1939.) Vigorous, upright rose on the type of Heinrich Wendland. Flowers are a luscious ripe pumpkin flesh, suffused apricot, shading lighter at the petal edge. Produced singly on long wiry stems, free blooming. **Each \$1.25; 3 for \$3.15.**

Sterling (H. T.) (E. H. Hill, 1933).—Plant Patent No. 21. A cross of an unnamed seedling and Madam Butterfly. It is striking pink in color like Killarney Brilliant, increasing its attractiveness with a yellow base. Long pointed buds opening to a well-formed flower. **Each \$1.00; 3 for \$2.50.**

Texas Centennial (H. T.) (Dixie Rose Nursery, 1935).—Plant Patent No. 162. Blood-red. A sport of the Rose President Herbert Hoover with the same type of growth and exquisite flower. Different only in color which is rich blood-red, toning to cerise red in center. **Each 75c; 3 for \$2.00.**

The Chief—(Pat. applied for, Armstrong, 1940.) Buds urn-shaped, orange-pink, shadings of flame, coral and copper. Flowers many petaled, long-lasting, fragrant, usually single on long stems. Leaves thick almost entirely immune to mildew. **Each \$1.25; 3 for \$3.40.**

Red Hybrid Teas

Cynthia—This variety is best described as an improved Charles P. Kilham. The attractive buds develop into splendid full flowers of a rich Oriental red color. Its free flowering habit and attractive color make it very desirable.

E. G. Hill—This is the most unfading of all red roses. Immense, double flowers of dazzling scarlet shading to a deeper red as they develop; are deliciously fragrant and long lasting when cut. Blooms are produced singly on long vigorous stems.

Etoile de Hollande—The finest dark red rose for general purposes. Ranked among the first three of its color by everyone who knows roses. The beautiful, oval buds are perfect, of medium size, and open into magnificent brilliant red blooms.

McGredy's Scarlet—A red rose of marked superiority on account of its strong vigorous growth, free and continuous habit of flowering, and its brilliant color. The fragrant, full, double flowers are of good size. They are brilliant scarlet, orange-yellow at base of petals, the upper portions of same being lightly touched with crimson.

Southport—Flower full, cupped, very lasting, fragrant, a very brilliant, unfading scarlet.

Pink Hybrid Teas

Dainty Bess (single)—An exceedingly charming and daintily colored single Rose of perfect form. The broad petals are delicate shell pink which form a beautiful contrast to the conspicuous bunch of crimson stamens.

Dame Edith Helen—This variety has wonderful pointed buds which open very slowly to large, full, perfectly formed blooms which hold their color with age and are carried on rigid, erect stems. The color is an even shade of light pink.

Edith Nellie Perkins—An outstanding, vigorous, and free flowering Rose. Long, pointed buds of good size. Long lasting; double, fragrant flowers. Orient red, shaded cerise-orange; inside salmon-pink.

Pink Dawn (H. T.) (Howard & Smith, 1935).—A beautiful new Hybrid-Tea Rose with glorious deep rose buds opening to lovely pink blooms tinted with orange at the base of the petals. Sweetly fragrant, fully double, and of vigorous upright habit. **Each \$1.00; 3 for \$2.50.**

White Hybrid Teas

Calendonia—The most desirable white. Exceptionally long, pointed buds opening to very double, high-centered, long-lasting, very large, moderately fragrant flowers. Continuous free bloomer.

McGredy's Ivory—The size and perfection of form of this wonderful Rose are almost unbelievable. The buds are long and pointed, staying at this stage for several days, and opening to perfectly formed flowers of creamy ivory-white.

NOVEMBER DELIVERY

Yellow Hybrid Teas

Golden Dawn—An Australian Rose of vigorous growth and continuous bloomer. The oval buds are rich straw-yellow, flushed old-rose, opening into splendid double, sweetly scented flowers of sunflower-yellow.

Golden Rapture — A splendid new yellow Rose of upright growth. The pure yellow buds are of ideal form. Beautiful, large, double flowers which last without fading. A splendid variety for cutting and for bedding.

Joanna Hill—The exquisitely formed long buds are orange-yellow, extremely fragrant and the colors while not brilliant are dainty and lovely. The open blooms are somewhat lighter. The texture of the petals is not injured by the weather.

Mrs. E. P. Thom—A most valuable yellow Rose for the garden. Color is a clear, canary-yellow. Fine long buds open into fairly large, perfectly shaped flowers, on good stems. The plant is of exceptional vigor and blooms very freely.

McGredy's Yellow (H. T.) (McGredy, 1933.)—Large, bright buttercup yellow flowers, every bloom of which is perfect form and sweetly scented. The foliage is glossy and free of disease in most localities. One of the finest things about the variety is the fine bush, which is full of vigor and is continually sending up good stout, straight stems, each one surmounted by one of the beautiful buds. Stands heat well **Each 75c; 3 for \$1.90.**

Mrs. P. S. DuPont—The ace of the golden yellow everblooming Roses. Winner of more gold medals for outdoor blooms than any other Rose ever grown. Buds are small but exquisitely formed and of a reddish gold, opening into beautiful yellow flowers.

Sister Therese—Buds are long, dark golden yellow and remarkably beautiful. Sweetbriar fragrance.

Orange and Tri-Color Hybrid Teas

Autumn—A distinct color of intense richness. This Rose incorporates shades of burnt orange suffused with russet-brown and bronzy red all overlaid on a background of rich yellow. A color combination reminiscent of the most glorious autumnal foliage.

Condessa De Sagato—You will admire the brilliant colors of this new double Rose from sunny Spain. The bud is like a ball of gold with red stripes. Fully open it is fiery copper and rich gold. It likes heat, doing its best in midsummer.

Duquesa de Penaranda — Two distinctive qualities make this marvelous copper-apricot Rose popular. A tall shapely plant with bright, glossy, disease-proof foliage carried throughout the season.

Hinrich Gaede—This magnificent Rose has beautiful long, pointed buds of a brilliant Nasturtium red color. The flowers are large, double, high-centered, and of a highly artistic shape. The color is rich luminous vermilion shaded with golden yellow such as is found in our high-colored modern Zinnias.

Mme. Joseph Perraud (H. T.) (Gaujard, 1934.) — Long, slender, and pointed Nasturtium-orange buds open to sweetly fragrant flowers of a charming Nasturtium buff straying to a lovely shade of shell pink at the petal edges—the nearest approach to a pure buff lightened with pink at the petal margins. **Each \$1.00; 3 for \$2.50.**

Mrs. Sam McGredy—For elegant, shapely buds, this beautiful Rose cannot be surpassed. Large, long pointed buds are produced singly on strong, slender stems. The color is a glowing combination of red, copper and orange, changing to warm pink suffused with gold as the flower ages. Vigorous, healthy plant.

Pres. H. Hoover—A wonderful multi-colored Rose, charmingly combining many shades of cerise-pink, flame, scarlet and yellow. The buds, borne upright on strong stems, are long and pointed, and possessing a most exquisite fragrance.

Talisman—A vividly colored Rose of an unusual combination of gold, apricot, pink and carmine in mingled splashes, streaks and blends. Flowers fairly double, borne on long stems.

Climbers

Etoile de Hollande (H. T.)—The finest dark red Rose for general purposes. Ranked among the first three of its color by everyone who knows Roses. The beautiful, oval buds are perfect, of medium size, and open into magnificent brilliant red blooms.

Mme. Cecile Brunner (P.) — A vigorous climber which is very popular. A persistent bloomer, flowers perfectly double, exquisitely formed but tiny and borne in clusters. The color is a salmon-pink shading deeper toward the center. Dense handsome foliage.

Mrs. P. S. DuPont—The ace of the golden yellow everblooming Roses. Winner of more gold medals for outdoor blooms than any other Rose ever grown. Buds are small but exquisitely formed and of a reddish gold, opening into beautiful yellow flowers.

Paul's Scarlet—The semi-double flowers are of good size and of a vivid scarlet-red color, fading but little. Freely produced in clusters on much branched canes. It is perfectly hardy.

Pres. H. Hoover (H. T.)—A wonderful multi-colored Rose, charmingly combining many shades of cerise-pink, flame, scarlet, and yellow. The buds, borne upright on strong stems, are long and pointed, and possessing a most exquisite fragrance.

Reveil Dijonnais—Medium-sized golden yellow buds, striped with reddish pink, which open to semi-double golden yellow flowers having center surrounded with carmine. Very decorative.

Talisman (H. T.)—This is destined to be a most popular climbing Rose. Flowers are the same wonderful color and lovely form as the bush variety. Exquisitely fragrant. A very free bloomer.

Polyantha

Mme. Cecile Brunner—A persistent bloomer, flowers perfectly double, exquisitely formed but tiny and borne in clusters. The color is a salmon-pink shading deeper toward the center. Dense handsome foliage.
